

**INTRODUCING
GLENN DERRINGER.**

**HE JUST
MIGHT MAKE YOU
A BETTER
ORGAN PLAYER.**

Glenn Derringer is a Wurlitzer maestro. He can make a Wurlitzer do just about anything except get up and dance. Glenn is an American. He travels the world playing concerts and making guest appearances for Wurlitzer.

In this recording Glenn demonstrates some of the simple and pleasurable music that practically anyone can make with a Wurlitzer.

Listen to it. Enjoy it. And perhaps compare it with the sound you get from your present organ. This is Wurlitzer sound. If you'd like a similar result from your organ playing, perhaps it's time you tried one of the latest model Wurlitzers.

Enjoy the record. And look for the next part of the mailing, from Wurlitzer.

**PLAY WITH A PROFESSIONAL.
